

Werkstudent candidate | M.Sc. Digital Innovation Management (HNU) | Technical PM & AI Automation | SuperAGI | IEEE
Published | 0→1 Founder

EDUCATIONAL QUALIFICATIONS

University of Applied Sciences Neu-Ulm

Germany

Degree - Master of Science in Digital Innovation Management

October 2025 - Present

- **Relevant Coursework:** Innovation Strategy, Business Models, Innovation Project, Consulting, Strategy Management.

SIES Graduate School of Technology

University of Mumbai, India

Degree - Bachelor of Engineering in Electronics & Computer Science | **CGPI:** 8.76/10

August 2020 - July 2024

- **Relevant Coursework:** Artificial Intelligence, Machine Learning, Software Engineering, NLP, Cloud Computing, DSA.

PROFESSIONAL EXPERIENCE

SuperAGI

Remote

Technical Program Manager

December 2024 – June 2025

- Managed end-to-end delivery of 6 AI product streams (Meeting Agent, CRM, AISDR, Chrome Plugin, Billing, Mobile App) across engineering & product teams, tracking 40+ work items, dependencies & milestones in parallel using ClickUp, Notion & Jira-style systems.
- Introduced 2-week Agile sprint framework with structured ceremonies (sprint reviews, retrospectives, daily standups), reducing project bottlenecks & increasing task completion rate by 30% within the first 4 weeks of implementation.
- Optimized cross-functional workflows between product & engineering, supported PRD development with PMs, managed developer PR tracking via Notion & identified process gaps that reduced coordination overhead across active sprint cycles.

Greenox Tech

Hybrid

Junior Project Manager

August 2024 - November 2024

- Led a client's Phase 1 delivery, real-time Kanban & milestone tracking, improving go-to-market delivery timelines by 25% & cross-team velocity by 20% through structured Agile ceremonies.
- Coordinated cross-functional workstreams across Design, Engineering & Sales. Maintained stakeholder alignment across 3 departments through structured status reporting, action item tracking & weekly sync cadences.

Maestro Music Institute

Hybrid

Founding Member

October 2020 - December 2024

- Part of the founding team that built Maestro Music Institute from inception & contributed to operational setup, CRM workflows, scheduling system design & student lifecycle management infrastructure that scaled the institution to a functioning multi-instructor academy.
- Mentored 400+ students using structured, competency-based lesson plans with performance tracking frameworks where we achieved high success rates in Trinity College of Music (TCM) graded examinations across beginner to advanced levels.

TECHNICAL SKILLS

- **Agentic AI & Automation:** Claude API, MCP Integrations, n8n, Zapier, Make, REST API integrations, Prompt Engineering, LLM pipeline management, Agent behaviour testing, Google Apps Script, Python (scripting)
- **Project Management:** Agile & Scrum, Sprint Planning, Kanban, Risk Management, Stakeholder Communication, Workflow Optimization, OKR Frameworks, Budgeting & Resource Allocation
- **Tools:** Jira, Confluence, ClickUp, Notion, MS Office, Excel, Google Workspace, VS Code, GitHub, Figma, Tableau
- **Technical:** Google Cloud, Kubernetes basics, Linux Fundamentals, JavaScript, CSS, WordPress, Software Testing & QA

EXTRA CURRICULAR ACTIVITIES

- **Website Marketing Manager, TUM Business Game:** Managing web architecture, digital tracking & content strategy for one of Germany's largest student business competitions, supporting marketing initiatives across 10+ countries. Currently implementing automated workflows to improve campaign performance & application conversion.
- **Chairperson, E-CELL SIES GST:** Founded & operationalised the SIES GST Incubation Centre from inception; led a 25-member cross-functional team through programme design, venture evaluation & event execution including Mumbai's largest student business hackathon.

ACADEMIC PROJECTS

Advanced Aerial Medical Logistics: Cold Chain Supply & Organ Delivery Drone | DOI: [10.1109/AECE62803.2024.10911424](https://doi.org/10.1109/AECE62803.2024.10911424)

- Published research on an IoT-powered autonomous drone for cold-chain medical logistics at the 2024 IEEE International Conference on Advancement in Electronics & Communication Engineering.

Entrepreneurship Cell Portal – SIESGST | <https://ecell.siesgst.ac.in/>

- Led development of a dynamic portal, improving usability & real-time updates to boost student & faculty engagement.
- Scaled the platform to support 2,000+ active users, serving as the central hub for event registration & communication.

LANGUAGES

English: Advanced C1 | **German:** Elementary A2 (Actively improving - targeting B1 by August 2026)
