

EDUCATIONAL QUALIFICATIONS

University of Applied Sciences Neu-Ulm

Germany

Degree - Master of Science in Digital Innovation Management

October 2025 - Present

- **Relevant Coursework:** Digital Innovation Strategy, Digital Transformation & Entrepreneurship, Digital Business Models, Innovation Project, Organization & Process, Digital Innovation in Industry, Information Systems Research.

SIES Graduate School of Technology

University of Mumbai, India

Degree - Bachelor of Engineering in Electronics & Computer Science | **CGPI:** 8.76/10

August 2020 - July 2024

- **Relevant Coursework:** Artificial Intelligence, Machine Learning, Deep Learning, Project Management, Management Information System, Software Engineering, NLP, Cloud Computing, DSA, DBMS, Software Testing & Quality Assurance.

PROFESSIONAL EXPERIENCE

SuperAGI

Remote

Technical Program Manager

December 2024 – June 2025

- Coordinated Agile project execution, maintained delivery documentation, tracked work items, dependencies & milestones across cross-functional teams using structured workflow management tools.
- Established Agile sprint processes, maintained project documentation, managed workflow visibility through ClickUp, Notion & Jira-style tracking systems, improving task completion by 30%.
- Worked with MCP connectors & REST API integrations to coordinate multi-agent workflows across product and engineering tracking automation triggers, agent behaviour & LLM feature rollouts.
- Contributed to 6 AI product initiatives including Meeting Agents, Billing, Automations, CRM, AISDR, Chrome Plugin & Mobile App, aligned product features with user feedback, resulting in improved engagement & retention.

Greenox Tech

Hybrid

Junior Project Manager

August 2024 - November 2024

- Led a client's Phase 1 delivery, real-time Kanban & milestone tracking, improving go-to-market delivery timelines by 25% & cross-team velocity by 20% through structured Agile ceremonies like sprint reviews, retrospectives & daily standups.
- Coordinated cross-functional workstreams across Design, Engineering & Sales teams using Agile project management practices, maintaining stakeholder alignment across 3 departments and improving delivery transparency.

Maestro Music Institute

Hybrid

Founding Member

October 2020 - December 2024

- Part of the founding team that established Maestro Music Institute from inception & contributed to operational setup, scheduling system design & student lifecycle management infrastructure.
- Designed & implemented structured, competency-based lesson plans using performance tracking frameworks, mentoring 400+ students for Trinity College of Music (TCM) graded examinations with high success rates.
- Managed scheduling, operational workflows & student CRM processes, balancing institutional growth objectives.

TECHNICAL SKILLS

- **Agentic AI / Automation:** Claude AI (Projects, Teams, API, Artifacts), REST API integrations, Prompt Engineering, MCP Integrations, Multi-agent workflow coordination, LLM pipeline management, Agent behaviour testing & iteration
- **Project Management:** Agile & Scrum methodologies, Sprint Planning, Risk Management, Stakeholder Communication, Workflow Optimization, Budgeting & Resource Allocation.
- **Tools:** Jira, Confluence, ClickUp, Notion, n8n, Zapier, Make, MS Office, Microsoft Powerpoint, Microsoft Excel, Google Workspace, VS Code, GitHub, Figma.
- **Enterprise Collaboration & Documentation:** Jira Administration Basics, Confluence Documentation, Dashboard Creation, Process Documentation, Knowledge Management, Agile Reporting
- **Technical:** Software Testing, Google Cloud, Kubernetes, Linux Fundamentals, CSS, JS, Bootstrap, WordPress.

ACADEMIC PROJECTS

Advanced Aerial Medical Logistics: Cold Chain Supply & Organ Delivery Drone | (IoT, Embedded Systems, AI-based Navigation, Real-time Monitoring) | ISBN: 979-8-3503-6472-9 | DOI: [10.1109/AECE62803.2024.10911424](https://doi.org/10.1109/AECE62803.2024.10911424)

- Led the development of an IoT-powered drone with temperature control, real-time monitoring, & autonomous navigation to support medical logistics, ensuring compliance with industry standards.
- Published research in 2024 4th International Conference on Advancement in Electronics & Communication Engineering.

Entrepreneurship Cell Portal – SIESGST | (React, MongoDB, Figma) | <https://ecell.siesgst.ac.in/>

- Led development of a dynamic portal, improving usability & real-time updates to boost student & faculty engagement.
- Scaled the platform to support 2,000+ active users, serving as the central hub for event registration & communication.

LANGUAGES

- **English:** Advanced C1
- **German:** Elementary A2 (Actively improving - targeting B1 by August 2026)

EXTRA CURRICULAR ACTIVITIES

- **Website Marketing Manager, TUM Business Game:** Managing digital presence and content coordination for one of Germany's largest student business competitions, supporting marketing initiatives across 20+ countries and a pan-European audience.
- **Chairperson, E-CELL SIES GST:** Founded & operationalised the SIES GST Incubation Centre from inception; led a 25-member cross-functional team through programme design, venture evaluation & event execution including Mumbai's largest student business hackathon.
